Organic and / or near produced foods

**Växjö municipality's environmental program:** In the municipal kitchen, the proportion of certified organic and / or near produced foods should be at least 80% of total food purchases by 2020.

We define locally produced products from manufacturers within 150 kilometers radius.

EXAMPLE: food requirements:

- Awarding diversity (e.g. older fruit and vegetable varieties etc.)
- Vegetables must not be frozen
- Fresh meat/fish at least 3 times in a month
- Yoghurt must be organic
Example: Time span between production and consumption („Guaranteed freshness“)
Example: Sensibilisation and training:

- Educating personnel (Kitchen/ school staff)
- Sensitize children / students
- School children to visit production site
Good example for local content procurement:

*Dynamic Purchasing System (DPS)*
Budget-friendly
Cost-effective public procurement
